

Drums - Jeff Owens

Now widely respected as one of Fairfield County's busiest and well-known pediatricians, Dr. Jeffrey Owens first actually was much more famous as a childhood celebrity. At the tender age of 6, young Jeffrey was cast as the original "Animal" in The Muppet Show. While he has grown out of the restraints and shed his unibrow – or perhaps just loaned it to his guitar player – Jeffrey's Animal roots still shine through in his ass-kicking, groove-laying, funkified drumming that keeps you dancing the night away. There's Dr Owens, and there's Mr. Animal. And those of you who only know Dr. Owens will be blown away by his alter ego rockstarness.
